3

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

^

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

Y

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

ø

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

3

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

æ

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

η

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.

q

5

Handwriting practice lines for the number 5. The first row shows a solid example of the number 5. The subsequent rows are dashed lines for tracing, each containing seven vertical dashed lines representing the number 5.
